

The PJPII SCRIP Program

~ Everyday Essentials Equals Education ~

The PJPII SCRIP Program is a no-selling fundraiser that uses gift cards (*which are like cash*) to purchase everyday needs like groceries, gas, home improvement, travel, entertainment and more. Over 700 of the biggest retailers offer a return percentage to our program for using their cards. Rebates range between 2% and 16% which we turn around and apply a portion toward your tuition. And with our on-line store or mobile app, eCards can be available immediately!

WHO can purchase?

ANYONE who is alumni, has a family member or friend of a child enrolled at Pope John Paul II Regional Catholic Elementary School.

HOW to order

Paper Version: Submit an order form found on OptionC under SCRIP, along with a payment through your child's folder attn: "SCRIP" or mail to our P.O. Box.

On-line Version: Order physical gift cards, eGift cards or reload previously purchased gift cards through ShopWithScrip.com, using PrestoPay (*like PayPal*) or sending in a check as with the paper version. To enroll, use **AB8472DL1LL9** when prompted at www.shopwithscrip.com

Mobile Version: *First, enroll with our on-line version.* Simply download the app at MyScripWallet.com from any browser on your device.

Monthly Mailing: Apply for our automatic monthly mailings for cards you use every month. You will receive those requested cards around the 1st day of the month through your child's folder or mail, along with an invoice that will be due a couple weeks later. You may change, hold or cancel at any time.

WHY use SCRIP when my credit card rewards me?

Great question! Credit card rewards usually average about .5-2% if you take into account their yearly fees, limits or purchase requirements. PJPII SCRIP averages 5.5-6%, giving you more than 2% with most retailers! It may seem small, but over 9+ years you will notice the difference!

Plus with our mobile app, SCRIP is always at your fingertips in your wallet or on your computer.

Benefits YOU

We've seen families save over

\$1000

PER YEAR on their tuition!

and PJPII!
